👶 Your team lead in London is having a baby.

👤 Your manager in New York just sent a third email asking about gym benefits.

🌴 Berlin just announced a new state-wide holiday, sending your tech team there scrambling to clarify their calendar.

Which begs the question: How do you manage the rewards and benefits of a global team?

We all know that there's not a one size fits all solution for each individual company, in a specific country, that can target every individual employee. Multinational companies must straddle the requirements and available benefits of multiple countries.

Where should you start?

We put together a report to help you tailor-make your total rewards and benefits compensation package exactly the way you, and your employees, want it – no matter where in the world they are. ↓

Is your company's reward and compensation package best-in-class? Those benefits are wasted if your current employees can't easily access them – or worse, don't know they exist.

We've identified 5 steps to ensure your current employees know their value:

- Acknowledge diverse needs
- Curate culturally-aware benefits
- Seek better communication
- Prioritize clarity
- Actively recognize contributions

HR tech solutions allow you to reach unengaged employees and quiet quitters by helping them to see the true value you offer. If you're an employer who is actively investing in your employees to support their well-being, don't miss this! ↓

 <p>Easy words to say. Harder to follow up. It's no longer satisfying to hear someone tell you to just follow your dreams, and everything will be great! What happens when lessons are online, performances are canceled, and no one can hear you make your art?</p> <p>Innovation is at the heart of creativity. We've been so impressed by artists like James Kryshak, who choose to collaborate with ClickCoach, because they are innovators pushing classical and jazz performance forward.</p> <p>Innovation is a way of saying, yes, I'm following this dream, because I am creating the opportunity for it to exist.</p> <p>Curious?</p> <p>#clickcoach #followyourdreams #innovate #pandemicinnovation #classicalmusician #jazzmusician</p>	 <p>Comparison is death.</p> <p>No two paths are the same.</p> <p>We all do it. The chair next to us, the person auditioning before us, that member of our studio who's working abroad...</p> <p>Comparison really "is" death, and we're so glad Sasha has the guts to tell it like it is. The reason we're artists is because we all have something different to say. That's our power. That's our gift.</p> <p>Today, when you practice, do it for YOU. And if you want some inspiration, those of us at ClickCoach are excited to share it with you.</p> <p>#comparisonisdeath #musicianlife #practiceroomlife #practiceroom #inspiration #motivation #practicemotivation #Clickcoach</p>	 <p>grab your baton.</p> <p>It feels like so much is moving fast these days. The pandemic sped up our reliance on the internet, and last summer started a "lot" of wonderful, necessary conversations about race.</p> <p>In the music industry, we've finally started to talk about representation. Whether it's BIPOC or trans or female voices, classical musicians have offered some of the most raw and revealing stories to be shared on social media.</p> <p>At ClickCoach, we are honored to represent women and men of all genders, sexualities, and career paths.</p> <p>No matter who you are or where you are, we want to stand beside you. Solidarity is built into our mission. It's built into our team. It's built into the work we do every day.</p> <p>Grab your baton. The world is waiting.</p> <p>#pride #pride2021 #clickcoach #blacklivesmatter #translivesmatter #grabyourbaton #dreambig</p>

Two Day Live Online Course: We Will Teach Our Students to Pass the FAA Drone Exam by Monday, June 15.

**WILL YOU BE ONE OF THEM?**

 <p>If you are true to yourself and confidently share your own musical decisions, there will be people and groups out there who will love you exactly as you are.</p> <p>Have you ever been a part of one of those projects where no matter what you do, it just isn't good enough? Like, the conductor just can't be bothered, and it's been decided you're a mess?</p> <p>Those are the WORST. But they're also a part of this work. Gigs come and go, jobs pay well and awful, but the thing that remains is your work and your instrument. And inevitably, with the lows come the highs. We're so grateful that we've got musicians like Jennifer to remind us of this.</p> <p>At ClickCoach, we're making space for people to talk about the things that they love. This role, this work, this movement - what makes you shine? What gets you out of bed in the morning? We want to know about it.</p> <p>We're looking for contributors! If you're the resident expert on an excerpt (the excerpt expert, if you will), make a profile and upload! You'll start earning cash for views. We're a non-profit - that's the point! YOU make the money!</p> <p>#supportartists #musiciansofinstagram #practicemotivation #practiceroomlife</p>	 <p>envision your future</p> <p>Here's something true: opera is going to come roaring back. We know it in our bones.</p> <p>Have you ever heard Indra Thomas sing? The woman is a powerhouse. She's got a series of videos on ClickCoach about one of her signature roles: Aida.</p> <p>Indra is all about heart. How do you make musical choices? How do you inform your character? Heart.</p> <p>We're so pleased to have Indra on our journey with us at ClickCoach.</p> <p>#operasingersofinstagram #aida #verdi #aidaoopera #sopranosofinstagram #clickcoach #nofear #dreambig #inspiration #dailyinspiration</p>	 <p>Tell a story.</p> <p>Look beyond the notes.</p> <p>So much has changed this year. Concerts, operas, and festivals were canceled. Everyone had to do a hard stop and evaluate. We were also shellshocked last year - that's why we created ClickCoach.</p> <p>What we mean to say is, we get it. We're entering into a new space, too. We're picking up where we left off and creating new adventures as well.</p> <p>We're going to be here for you, no matter how you pivot, what you invent, or where you land.</p> <p>Let's do this, together.</p> <p>#clickcoach #dreambig #musiciansofinstagram #instainspo #motivationalquotes #quotes #dailyinspiration #practiceroomlife</p>
